DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 are allowed over the prior art.
2. The following is an examiner's statement of reasons for allowance: regarding claim 1, the primary reason for the allowance of the claims is due to the fact that a probe card assembly comprises a modularized probe head with the specific limitation of the combination between a probe head carrier and a silicon substrate, which in the examiner's opinion, would not be obvious to a person of ordinary skill to have the combination in the prior art. Since claims 2-3 depend off of claim 1, they are also allowable.
3. Regarding claim 4, the primary reason for the allowance of the claims is due to the fact that a probe card assembly comprises a specific structure limitation of having the combination of the stiffener ring with an upper and lower printed circuit and a modularized probe head with the specific limitation of the combination between a probe head carrier and a silicon substrate, which in the examiner's opinion, would not be obvious to a person of ordinary skill to have the combination in the prior art. Since claims 5-9 depend off of claim 4, they are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
